This deliverable is the first version of the ParCos project website.

TABLE OF CONTENTS

1 URL OF THE WEBSITE

The project website is available at http://parcos-project.eu/

2 WEBSITE SCREENSHOT

The website consists of a WordPress weblog with a series of pages that introduce the project, project outcomes, and project partners. The access to the website is shared and it can be edited with an interactive online editor to allow partners to upload and edit materials when required. A screenshot is presented in Fig. 1.

3 WEBSITE CONTENT

The website has been designed to assist with dissemination and communication activities during the first year of the project. During the course of the project, the website will be redesigned if necessary to support other activities. In the future, when ParCos platform is realized in WP6, the website will start to have more interactive features and will also act as a showcase and a starting point for the ParCos platform and other services. The website will also support co-creation and science communication activities where possible, when the case studies begin.

We briefly list the website contents as follows.

- Introduction to the project with a brief summary

- Case studies

- Project news, publications, and other output

- Introducing the project partners

- Contact details

- Acknowledging the H2020 funding and grant agreement
